Golden Isles Harley Owners Group is offering a free **Lighthouse Tour** patch to its members (shown). This program is for any and all Golden Isles HOG members, and it's not that hard to do. Please let us know when you're sending your 6th photo so that we can present your patch to you at the next monthly Chapter meeting.

Visit our website and click on the **Lighthouse Tour** Patch to see the photo's we have received up to this point. Please note that **all you need is 6**, 10 close locations are listed below and many others exist but may be inaccessible to the general public.
